SC PERFORMANCE GOAL

2010 Goal:
By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:
By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Burke High School has continued in its efforts to close the achievement gap during the 2009-2010 school year. This school term there were a few snares along the way, but the teachers, students, and administration were able to maintain and sustain the momentum of academic achievement and success.

The instructional environment of the school has shifted from teaching in isolation to teaching as a Professional Learning Community. The teachers view the learning communities as a method to plan and strategize for excellence in the classroom.

The academic environment of the school has developed into an advanced-placement community of learners. This year EOC scores have been phenomenal. During the first semester, Algebra I and English I EOC scores were 100% passing. Second semester EOC scores were much more impressive. English I, Physical Science, and United States History scores showed improvement as well.

The middle school's literacy push is moving the students in the direction of closing the literacy achievement gap. The utilization of MAP scores in teaching strategies has changed the learning environment into a productive learning community.

As the middle and high school continue to make academic strides, our community relationships continue to grow. The latest community organization that has joined forces with Burke High is the Burke High School Community Foundation. The foundation has taken on the planning and organization of 100th Year Celebration of Burke High School's existence.
